Topic: Rebranding Survey

Discussion: 60% said yes to changing the name. 29% said not to change the name. We need to differentiate BRRC from Lilac Bloomsday Run to attract new members and at the Bloomsday Tradeshow. For the Spokane Half Marathon, there are 100 participants in female age group 20-24. Runners are out there in the community. The purpose of the survey was to get a sense of the idea from general public. According to RRCA, rebranding is happening nationwide to grow clubs and due to generational change. We need more involvement from club members. We need to invest more time and funds for additional committees and training clinic. We also need to offer benefits for membership such as free entry for XC races and discounts for events (more than \$1.00). More value needs to be added to attract people to sign up for membership. We could invite members to the meeting and offer free pizza. For Spokane Marathon, registration fee for the marathon was lowered by \$5.00 and we ran promotions several times. The numbers of participants increased compared to last year and we used fewer funds for promotion. 50 more participants for the marathon (200 total), 140 more participants for the half marathon (720 total), 10k is down. Club also should consider purchasing PA system to play music during events and have an MC to make events more exciting rather than renting equipment.

Topic: Revamping Race Series

Discussion: Consider adding volunteer point system. We need someone to submit the proposal. Some people are great about reporting, but most of the time, Paul has to look for the result manually. We should revisit the purpose of the race series. Consider breaking it down to mid-season instead of an all year series.
